

The **DREI AM MAIN** are embedded between the wooded hills of the Odenwald and the Spessart. Lined up along the blue River Main, they are the perfect location to start hikes, (mountain) biking, and Nordic Walking. You can play golf, go swimming, or do other watersports.

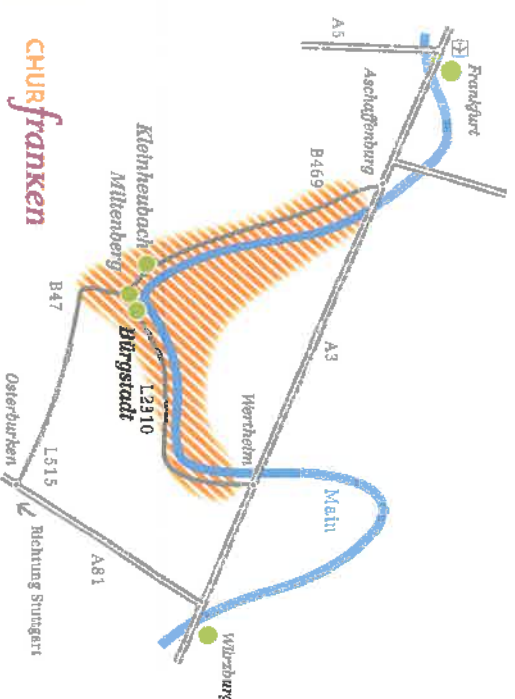

Why not enjoy a riverboat ride to catch another perspective of **Churfranken** and its steep red sandstone cliffs, towering above the river. Floating here, at the most southern point of the so called Mainviereck, you might even feel a bit Mediterranean.

We are here to help you with any kind of inquiries or requests about sights, events, accommodation, and guided tours. We happily recommend biking paths or hiking trails and know about the best excursions and more.

DREI AM MAIN

Miltenberg · Bürgstadt · Kleinheubach

Welcome to **DREI AM MAIN**.
 The best spot to get spoiled.

The neighboring towns welcome you with further tourist attractions: The gorgeous palace garden of the vineyard estate Prince Löwenstein in **Kleinheubach**, or the Paupers' Bible inside the Mariinskapelle, and the renaissance town hall of **Birgstadt**.

Our gastronomy will cosset you the same way as the varied **shopping** moments in one of the plenty shops along the pedestrian center, charming you with their personal touch. Or you go shopping in the Miltenberger Outlet Center.

Miltenberg might not only cast a spell on you with its quaint Old Town, featuring half-timbered houses, romantic alleyways and hidden corners. Even though being filled to the neck with medieval history, it also pours you a cup of **lively urban culture**.

All year round, you can choose from several cultural events; regardless whether you like to go on a city-tour, a cabaret, concerts, theatre, performing arts, exhibitions, recitations or lectures – check our event calendar and just pick whatever feels convenient to you. **Local Festivals**, like the Weinkultur-Nacht, the Straßen- and Hoffest, the Mainfest, the Michaelsmesse (a fair), the Miltenberger Weiberhust or the Christmas market complete our leisure opportunities.

Quality of life is a priority in our region. The unique combination of outstanding gastronomy, home-made local products, as well as the opportunity to go for a relaxed stroll through the shops was even awarded: Since 2018, Miltenberg and Birgstadt are numbered among the "100 Genussorte Bayern" (locations which offer real treats).

Discover Germany's oldest Royal Inn „Gasthaus Zum Riesen“, not far from the famous Schnatterloch, and our award-winning Museum Stadt Miltenberg which is considered to be one of the most beautiful museums of Bavaria. You find **heritage, art and history**, which are more than a sight for sore eyes. The Museum Burg Miltenberg displays icons and contemporary art within the historic walls of the Miltenburg Castle, built above the town's rooftops.

Red wines from Birgstadt are ranking among the world's best! Connoisseurs appreciate the elegance of pinot noirs having been nursed in the steep red sandstone locations. Where **each sip is a pleasure trip**, you are warmly welcomed by local vintners.
